# Anti-chordin antibody

Catalog Number: 105669

## **Product name**

Anti-chordin antibody

Specificity

Human CHRD

# Antibody description

Rabbit polyclonal to chordin

## Preparation

Produced in rabbits immunized with A synthetic peptide corresponding to the C-terminus of the human Chordin., and purified by antigen affinity chromatography.

## Formulation

 $0.2\;\mu\text{m}$  filtered solution in PBS

#### Storage

This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C. Preservative-Free.

Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles.

### Clonality

Polyclonal

Ig Type

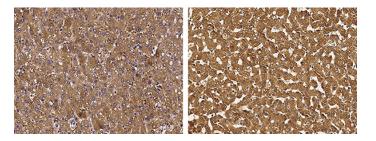

Rabbit IgG

# Applications

IHC-P

#### **Dilutions** IHC-P: 0.1-2 µg/mL

## Validations

Chordin Antibody, Rabbit PAb, Antigen Affinity Purified, Immunohistochemistry

Immunochemical staining of human CHRD in human liver (from 2 donors) with rabbit polyclonal antibody (1  $\mu$ g/mL, formalin-fixed paraffin embedded sections).
