

Anti-Cadherin-17/LI-cadherin antibody

Catalog Number: 106425

Product name

Anti-Cadherin-17/LI-cadherin antibody

Immunogen

[Human Cadherin-17/LI-cadherin \(His Tag\) recombinant protein](#)

Specificity

Human Cadherin-17 / LI-cadherin / CDH17
No cross-reactivity in ELISA with Human Cad8;
Human E-Cad; Human Cad5

Antibody description

Rabbit monoclonal to Cadherin-17/LI-cadherin

Preparation

This antibody was obtained from a rabbit immunized with purified, recombinant Human Cadherin-17 / LI-cadherin / CDH17 (rh Cadherin-17 / LI-cadherin / CDH17; Q12864-1; Met1-Met787).

Formulation

0.2 µm filtered solution in PBS with 5% trehalose

Storage

This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C. Preservative-Free.

Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles.

Clonality

Monoclonal

Ig Type

Rabbit IgG

Applications

IHC-P

Dilutions

IHC-P: 1-10 µg/mL

Validations

Cadherin-17 / LI-cadherin / CDH17 Antibody, Rabbit MAb, Immunohistochemistry

Immunochemical staining of human CDH17 in human appendix with rabbit monoclonal antibody (5 µg/mL, formalin-fixed paraffin embedded sections). Positive staining was localized to intestinal gland.

Cadherin-17 / LI-cadherin / CDH17 Antibody, Rabbit MAb, Immunohistochemistry

Immunochemical staining of human CDH17 in human colon with rabbit monoclonal antibody (5

Anti-Cadherin-17/LI-cadherin antibody

5 µg/mL, formalin-fixed paraffin embedded sections). Positive staining was localized to colonic

gland.

Cadherin-17 / LI-cadherin / CDH17 Antibody, Rabbit MAb, Immunohistochemistry

Immunochemical staining of human CDH17 in human rectal carcinoma with rabbit monoclonal antibody (5 µg/mL, formalin-fixed paraffin embedded sections). Positive staining was localized to intestinal gland.
