

# Anti-SIAE antibody

Catalog Number: 141992

## Product name

Anti-SIAE antibody

## Immunogen

[Human sialate O-acetylerase \(His Tag\) recombinant protein](#)

## Specificity

Human sialate O-acetylerase

## Antibody description

Mouse Monoclonal to Human SIAE

## Preparation

This antibody was produced from a hybridoma resulting from the fusion of a mouse myeloma with B cells obtained from a mouse immunized with purified, recombinant Human sialate O-acetylerase . The IgG fraction of the cell culture supernatant was purified by Protein A affinity chromatography.

## Formulation

0.2 µm filtered solution in PBS

## Storage

This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C.

Preservative-Free.

Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles.

## Clonality

Monoclonal

## Ig Type

Rabbit IgG

## Applications

IHC-P

## Dilutions

IHC-P: 10-30 µg/mL

## Validations

Human sialate O-acetylerase  
Immunohistochemistry(IHC) 15014

Human sialate O-acetylerase  
Immunohistochemistry(IHC) 15015
