

Revision Date:15-Jan-2020

Section 1-Identification of Substance/ Identification of Company	
Product name	Gastric inhibitory polypeptide
Product Cat. No.	312867
Chemical Formula:	$C_{193}H_{302}N_{54}O_{56}S$
Supplier:	NovoPro Bioscience Inc.
	Phone: +86-21-61941042
	Fax: 86-216-194-1042
Section 2-Composition / Information of	n Ingredients
Substance/Preparation:	Substance
Ingredient Name	Gastric inhibitory polypeptide
SARA 313	No
SAIVA 515	NO
Section 3- Hazards Identification	
Classification	This substance/mixture is not considered hazardous by the
	2012 OSHA Hazard Communication Standard (29 CFR
	1910.1200)
GHS Label elements, including precaution	nary statements
Signal Word	Not classified
Hazard statement(s)	None.
Precautionary Statement(s)	None.
Supplementary Hazard Information	May produce an allergic reaction
Hazards not otherwise classified	Not applicable.
(HNOC)	
For additional information on toxicity, please refer to Section 11.	

For additional information on toxicity, please refer to Section 11.

Section 4- First Aid Measures	
Oral Exposure	If swallowed, wash out mouth with water provided person is conscious. Call a physician.
Inhalation Exposure	If inhaled, remove to fresh air. If breathing becomes difficult, call a physician.
Dermal Exposure	In case of skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. Call a physician.
Eye Exposure	In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.
Section 5- Fire Fighting Measures	
Flash Point	Not available
Autoignition Temp	Not available
Flammability	Not available
Extinguishing Media	
Suitable	Carbon dioxide, dry chemical powder, or appropriate foam. Water spray
Fire Fighting	1 5
Protective Equipment	Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.
Specific Hazard(s)	Emits toxic fumes under fire conditions.
	1 / /

Section 10-ACCUENTAL Receive Measures         Procedure to be Followed in Case of Leak or Spill         Procedure (s) of Personal Precaution(s)         Methods for Cleaning up         Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves         Sweep up, place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pickup is complete.         Section 7-Handling and Storage         Handling         User Exposure         Storage         Suitable         Storage at -20°C         Section 8-Exposure Controls/Personal Protection Equipment         Engineering Controls         Personal Protective equipment         Respiratory         Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N5 (US) or type P1 (EN 143) respirator. Other         Other       Wear appropriate government approved respirator, chemical-resistant gloves, safety goggles, other protective clothing.         General Hygiene Measures       Wash thoroughly after handling         Section 9- Physical and Chemical Properties         Appearance         Physical State       Powder         Property       Molecular Weight         Molecular Weight	Section 6- Accidental Release Measur	200
Leak or Spill       Procedure(s) of Personal Precaution(s)       Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves         Methods for Cleaning up       Sweep up, place in a bag and hold for waste disposal. Avoid rising dust. Ventilate area and wash spill site after material pickup is complete.         Section 7-Handling and Storage       Handling         Handling       Avoid rising dust. Ventilate area and wash spill site after material pickup is complete.         Storage       Avoid rising dust. Ventilate area and wash spill site after material pickup is complete.         Storage       Suitable         Storage at -20°C       Keep tightly closed         Section 8-Exposure Controls/Personal Protection Equipment       Engineering Controls         Personal Protective equipment       Mechanical exhaust required         Personal Protective equipment       Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). Respiratory motection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or Upe P1 (EN 143) respirator, chemical-resistant gloves, safety goggles, other protective clotting.         General Hygiene Measures       Wash thoroughly after handling         Section 9- Physical and Chemical Properties       Appearance         Appearance       Physical State         Physical State       Powder         Property       Molecular Weight       430		
Procedure(s) of Personal Precaution(s)       Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves         Methods for Cleaning up       Sweep up, place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pickup is complete.         Section 7-Handling and Storage       Handling         Handling       Avoid inhalation. Avoid contact with eyes, skin, and clothing. Avoid prolonged or repeated exposure.         Storage       Suitable         Suitable       Keep tightly closed         Storage at -20°C       Mechanical exhaust required         Personal Protective equipment       Mechanical exhaust required         Personal Protective equipment       Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CRN (RU). Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) respirator.         Other       Wear appropriate government approved respirator, chemical-resistant gloves, safety goggles, other protective clothing.         General Hygiene Measures       Wash thoroughly after handling         Section 9- Physical and Chemical Properties       Appearance         Physical State       Powder         Property       Molecular Weight       4306.8         pH       Not available         MPHP Range       Not available

Section 10- Stability and Reactivity	
Stability Stable Hazardous Decomposition Products Hazardous Decomposition Products Hazardous Polymerization Hazardous Polymerization	Stable Nature of decomposition products not known. Will not occur
Section 11- Toxicological Information	
Route of Exposure Skin Contact Eye contact Inhalation	Avoid contact with skin. Avoid contact with eyes. May cause slight irritation. Avoid breathing vapors or mists. May cause irritation of respiratory tract.
Ingestion Conditions Aggravated by Exposure	Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. The toxicological properties have not been thoroughly investigated.

This product is for experimental uses only. The product has not been completely analyzed and all of the hazards may not be known.

Section 12- Ecological Information	
No data available.	
Section 13- Disposal Considerations	
Appropriate Method of Disposal of Substance or Preparation	Contact a licensed professional waste disposal service to dispose of this material. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Observe all federal, state, and local environmental regulations.
Section 14- Transport Information	
DOT	
Proper Shipping Name	None
Non-Hazardous for Transport	This substance is considered to be non-hazardous for transport.
IATA	
Non-Hazardous for Air Transport	Non-hazardous for air transport

Section 15- Regulatory Information	
US Classification and Label Text	
US Statements	Caution: The chemical, physical, and toxicological properties of this product have not been thoroughly investigated. Exercise due care.
United States Regulatory information	
SARA Listed	No
Canada Regulatory information	
WHMIS Classification	This product has been classified in accordance with the
	hazard criteria of the CPR, and the MSDS contains all the
	information required by the CPR.
DSL	No
NDSL	No

## Section 16- Other Information

NovoPro corporation MSDS is believed to be correct but only used as a guide for experienced personnel, NovoPro shall not be held liable for any damage resulting from the handling or from contact with the above product.
