| GHS Label elements, including precautio                          | Not classified                                            |  |
| Signal Word                                                      |                                                           |  |
| Hazard statement(s)                                              | None.                                                     |  |
| Precautionary Statement(s)                                       | None.                                                     |  |
| Supplementary Hazard Information                                 | May produce an allergic reaction                          |  |
| Hazards not otherwise classified                                 | Not applicable.                                           |  |
| (HNOC)                                                           |                                                           |  |
|                                                                  |                                                           |  |

For additional information on toxicity, please refer to Section 11.

| Section 4- First Aid Measures     |                                                             |
|-----------------------------------|-------------------------------------------------------------|
| Oral Exposure                     | If swallowed, wash out mouth with water provided person     |
|                                   | is conscious. Call a physician.                             |
| Inhalation Exposure               | If inhaled, remove to fresh air. If breathing becomes       |
|                                   | difficult, call a physician.                                |
| Dermal Exposure                   | In case of skin contact, flush with copious amounts of      |
|                                   | water for at least 15 minutes. Remove contaminated          |
|                                   | clothing and shoes. Call a physician.                       |
| Eye Exposure                      | In case of contact with eyes, flush with copious amounts of |
|                                   | water for at least 15 minutes. Assure adequate flushing by  |
|                                   | separating the eyelids with fingers. Call a physician.      |
|                                   |                                                             |
| Section 5- Fire Fighting Measures |                                                             |
| Flash Point                       | Not available                                               |
| Autoignition Temp                 | Not available                                               |
| Flammability                      | Not available                                               |
| Extinguishing Media               |                                                             |
| Suitable                          | Carbon dioxide, dry chemical powder, or appropriate foam.   |
|                                   | Water spray                                                 |
| Fire Fighting                     |                                                             |
| Protective Equipment              | Wear self-contained breathing apparatus and protective      |
|                                   | clothing to prevent contact with skin and eyes.             |
| Specific Hazard(s)                | Emits toxic fumes under fire conditions.                    |
|                                   | 1 / 4                                                       |

| Section 6- Accidental Release Measur   | 200                                                          |
|----------------------------------------|--------------------------------------------------------------|
| Procedure to be Followed in Case of    | Evacuate area                                                |
| Leak or Spill                          |                                                              |
| Procedure(s) of Personal Precaution(s) | Wear respirator, chemical safety goggles, rubber boots,      |
|                                        | and heavy rubber gloves                                      |
| Methods for Cleaning up                | Sweep up, place in a bag and hold for waste disposal.        |
| Methods for Cleaning up                | Avoid raising dust. Ventilate area and wash spill site after |
|                                        | material pickup is complete.                                 |
|                                        | natorial plokap is complete.                                 |
| Section 7-Handling and Storage         |                                                              |
| Handling                               |                                                              |
| User Exposure                          | Avoid inhalation. Avoid contact with eyes, skin, and         |
|                                        | clothing. Avoid prolonged or repeated exposure.              |
| Storage                                | clothing. Avoia proionged of repeated exposure.              |
| Suitable                               | Keep tightly closed                                          |
| Storage at -20°C                       | Roop lightly blobba                                          |
|                                        |                                                              |
| Section 8-Exposure Controls/Persona    | l Protection Equipment                                       |
| Engineering Controls                   | Mechanical exhaust required                                  |
| Personal Protective equipment          | 1                                                            |
| Respiratory                            | Use respirators and components tested and approved           |
|                                        | under appropriate government standards such as NIOSH         |
|                                        | (US) or CEN (EU). Respiratory protection is not required.    |
|                                        | Where protection from nuisance levels of dusts are desired,  |
|                                        | use type N95 (US) or type P1 (EN 143) respirator.            |
| Other                                  | Wear appropriate government approved respirator,             |
|                                        | chemical-resistant gloves, safety goggles, other protective  |
|                                        | clothing.                                                    |
| General Hygiene Measures               | Wash thoroughly after handling                               |
|                                        |                                                              |
| Section 9- Physical and Chemical Pro   | perties                                                      |
| Appearance<br>Diversional State        | Desired are                                                  |
| Physical State                         | Powder                                                       |
| Property<br>Molecular Weight           | Not available                                                |
| Molecular Weight                       | Not available                                                |
