

Anti-Chromogranin A antibody

Catalog Number: 101260

Product name

Anti-Chromogranin A antibody

Specificity

human CHGA

Antibody description

Rabbit polyclonal to Chromogranin A

Preparation

Produced in rabbits immunized with A synthetic peptide corresponding to the N-terminus of the human CGA, and purified by antigen affinity chromatography.

Formulation

0.2 µm filtered solution in PBS

Storage

This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C.

Preservative-Free.

Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles.

Clonality

Polyclonal

Ig Type

Rabbit IgG

Applications

IHC-P

Dilutions

IHC-P: 0.1-2 µg/mL

Validations

CGA Antibody, Rabbit PAb, Antigen Affinity Purified, Immunohistochemistry

Immunochemical staining of human CGA in human pancreas with rabbit polyclonal antibody (0.5 µg/mL, formalin-fixed paraffin embedded

sections).

CGA Antibody, Rabbit PAb, Antigen Affinity Purified, Immunohistochemistry

Immunochemical staining of human CGA in human pancreatic carcinoma with rabbit polyclonal antibody (0.5 µg/mL, formalin-fixed paraffin embedded sections).

Anti-Chromogranin A antibody

Catalog Number: 101260

CGA Antibody, Rabbit PAb, Antigen Affinity
Purified, Immunohistochemistry

Immunochemical staining of human CGA in human colon with rabbit polyclonal antibody (0.5 µg/mL, formalin-fixed paraffin embedded sections).
