

# Anti-Chromogranin A antibody

Catalog Number: 103334

## Product name

Anti-Chromogranin A antibody

## Specificity

Human CHGA

## Antibody description

Rabbit monoclonal to Chromogranin A

## Preparation

This antibody was obtained from a rabbit immunized with a synthetic peptide corresponding to the center region of the Human CHGA, and purified by antigen affinity chromatography.

## Formulation

0.2  $\mu$ m filtered solution in PBS

## Storage

This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C.

Preservative-Free.

Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles.

## Clonality

Monoclonal

## Ig Type

Rabbit IgG

## Applications

IHC-P

## Dilutions

IHC-P: 0.5-5  $\mu$ g/mL

## Validations

CHGA Antibody, Rabbit MAb,  
Immunohistochemistry

Immunochemical staining of human Chromogranin A in human adrenal gland with rabbit monoclonal antibody (0.5  $\mu$ g/mL, formalin-fixed paraffin embedded sections).

CHGA Antibody, Rabbit MAb,  
Immunohistochemistry

Immunochemical staining of human Chromogranin A in human pancreas with rabbit monoclonal antibody (0.5  $\mu$ g/mL, formalin-fixed paraffin embedded sections).
